

**Do the same to  
the left as you  
do to the right.**

**The opposite of add is subtract. The opposite of subtract is add.**

**+ → -      - → +**

**The opposite of multiply  
is divide. The opposite  
of divide is multiply.**

**$\times \rightarrow \div$        $\div \rightarrow \times$**

**The opposite of square  
is square root.**

$$x^2 \rightarrow \sqrt{x}$$

$$\sqrt{x} \rightarrow x^2$$
